MEMBERSHIP DIRECTORY 2017

New Jersey Association for the Treatment of Sexual Abusers is a state chapter of the Association for the Treatment of Sexual Abusers, an international non-profit organization “founded to foster research, facilitate information exchange, further professional education and provide for the advancement of professional standards and practices in the field of sex offender evaluation and treatment.”

ATSA is strongly committed to:

- The elimination of sexual victimization
- The protection of our communities through responsible and ethical treatment of sex offenders and their victims
- The prevention of sexual assault through effective management of sex offenders
- The maintenance of high standards of professionalism and integrity within its membership
- The promotion and support of empirical research
- The incorporation of research findings into effective evaluation and treatment strategies
- The promotion of education to advance knowledge and awareness in the field of sexual abuse

As a state chapter of ATSA, NJ ATSA supports these goals and opens its membership to professionals who work in some capacity with sexual abusers. **Membership in NJ ATSA requires membership in national ATSA.** The standards for clinical membership require a minimum of a Masters degree in the behavioral sciences with at least 2000 hours of research and/or assessment or treatment of sexual abusers. Affiliate members may have a Masters degree and fewer than 2000 hours, or a Bachelors degree with more than 2000 hours in research, assessment and/or treatment of sexual abusers. Associate members are those who work in related areas such as treatment of sexually abused children or in a non-clinical capacity in mental health or the criminal justice system. Please consult www.atsa.com for the current membership requirements.

This directory is a list of NJ ATSA members and does not constitute an endorsement of the individuals or programs. Each individual has certified he/she has the requisite experience and education as noted above.

ABOUT NJ ATSA OFFICERS AND BOARD OF TRUSTEES

NJ ATSA became an official state chapter of national ATSA in 1997. We offer regular trainings in both north and southern New Jersey. NJ ATSA has three elected officers and ten Board members. The officers are elected to terms of two years and the President-Elect becomes the President at the end of the present officer's term. When the President-Elect takes office, the President becomes Past-President for a year until the next election. Elected officers are President-Elect, Treasurer, and Secretary.

ABOUT THIS DIRECTORY

This directory is a listing of the clinical, affiliate and associate members of NJ ATSA. As of September 2015, the information reflects the addresses, phone numbers and current membership status in both NJ ATSA and the national organization. The members have provided the information regarding their experience and education pertinent to eligibility in the organization. This directory does not constitute a referral service and members may or may not engage in private practice. *Neither NJ ATSA nor ATSA can account for the abilities or competence of the individuals.* Both organizations promote ongoing skill development and education opportunities for their members to help professional growth through training and literature.

Persons wishing to utilize the services of any of the programs or providers should consider this directory as a listing, not an endorsement. Just as the Yellow Pages of a phone directory lists providers under a particular heading, such as "Psychologists," the reader should determine on an individual basis if the person is suitable for his/her purposes.

CJAP provides assistance to individuals with intellectual and developmental disabilities who become involved in the criminal justice system. This is accomplished by advocacy and identification of services that can address an individual's needs in the community, creating a Personalized Justice Plan as an alternative to incarceration. In addition, CJAP provides training to law enforcement, direct service providers, professionals,

courts and attorneys about the obstacles faced by and needs of people with developmental disabilities in the criminal justice system as defendants and victims.
